

CONFERENCE TO BE HELD IN JUAREZ

Tentative Occupation of Part of Chihuahua Is Expected

PRINCIPALS ON BORDER

Generals Scott and Funston Reticent Regarding Plans of Action and Instructions

DO NOT EXPECT DIFFICULTIES

EL PASO, Texas, April 28.—On the eve of the Obregon-Scott-Funston conference tomorrow over the disposition of United States troops in Mexico, the feeling grew in El Paso tonight that a tentative American occupation of part of Chihuahua pending eradication of Villa bands by the de facto government, would certainly result from the negotiations. The American representatives came to El Paso this evening reticent regarding their plans of action and their instructions from the Washington government. All opinion regarding the outcome of the deliberations was based, therefore, on the attitude of Carranza officials arriving with General Obregon.

Willing to Meet "Half Way."

From an authoritative source it was learned that the Mexican minister of war had signified his willingness to meet General Funston and General Scott "half way" in the coming negotiations. It was pointed out in other quarters that this might mean that General Obregon would give his consent to further presence of General Pershing's column on Mexican soil, provided the chase of the Villa bandits was relinquished to the Carranza soldiers and provided withdrawal was arranged to follow receipt of assurances from the de facto government that the bandit groups had been wiped out. It was asserted by Mexican officials that with the large commands at his disposal, General Obregon could vanquish the already scattered bandits in a very few months. They argued that on the completion of this task the American could withdraw.

Another circumstance influencing speculation regarding the outcome of the conference was the confidence of the Mexican officials that it would reach a speedy conclusion.

Do not Expect Any Difficulties.

"We do not expect any difficulties in reaching an agreement," said one of them. "The whole business should be concluded in time for us to return Monday."

This belief that General Obregon would be able to give the conference unexpected expedition caused a report to spread that the minister of war had been given full power to reach a decision in behalf of his government. However, this could not be verified.

Gossip regarding the coming meeting was interrupted this afternoon by reports from the American expedition's front that large forces of Carranza troops were being moved into the Guerrero district. On top of this came information from Columbus, the American base station, that a large force of United States infantry would cross into Mexico tomorrow.

Efforts to ascertain the meaning of these movements proved futile. Neither the Mexican nor American military authorities would discuss them except to say they represented the ordinary precautionary steps of forces under arms.

General Obregon's special train arrived here from Chihuahua City at 8 o'clock this morning. Governor Ignacia Enriquez of the State of Chihuahua was among those on board. Shortly afterward the special train of General Jacinto Trevino of Torreón, military commander of the northeast district of Mexico, arrived.

Gavira and Garcia Meet Trains.

General Gavira, commander of the Juarez garrison, and Andreas Garcia, Mexican consul at El Paso, met the special trains. General Gavira was accompanied by his staff and by a military band.

Before going to General Gavira's residence for lunch General Obregon held a conference with Consul Garcia, who acts as intermediary between the Mexican and American representatives. At this meeting it was practically settled that the first session of the conference will be held tomorrow at 10 A. M., and that the meeting place shall be the custom house in Juarez. A second conference Sunday is probable.

Generals Scott and Funston did not reach El Paso until 3:30 o'clock this evening. They were met at the station by Brig. Gen. George Bell Jr., commander of the El Paso base, and by Consul Garcia.

After the first greetings Consul Garcia informed the American officers that it was the desire of General Obregon and his conferees to

JURISTS DENOUNCE SUBMARINE WARFARE UPON COMMERCE

American Society of International Law Concludes Two Days of Addresses on Questions Relating to the European War.

Washington, April 28.—Submarine warfare upon commerce was denounced by an array of prominent jurists today before the American society of international law. Concluding a two day program of addresses on questions relating to the European war most of the speakers earnestly favored restricted use of the submarine and other new war agencies to establish legal bounds rather than modification of the international code in their favor.

The tenth annual meeting of the society will close tomorrow with a business meeting and a banquet at night at which Secretary Lansing, Judge George W. Gray, David Jayne Hill and George W. Kirchway, of New York will deliver addresses. Re-election of Elihu Root as president is expected.

Present and future conduct of submarine warfare was the principal topic of a lively session this afternoon. Professor Jess E. Reeves of the University of Michigan criticized alleged changes in American position regarding armed merchantmen.

Professor Raleigh C. Miner of the University of Virginia presented at length his conclusion that submarine should be prevented by law from warring upon commerce.

President Hershey and Everett Wheeler of New York, an authority on admiralty law advocated formation of an international high court after the war to regulate use of submarines and mines.

ROOSEVELT DECLARES QUESTION OF SUFFRAGE HAS BECOME NATIONAL

Pledges Support of Proposed Amendment to the Federal Constitution Enfranchising Women.

New York, April 28.—In a signed statement prepared here today for a committee of women representing the congressional union who appealed to him as the head of the Progressive party, former President Theodore Roosevelt declared that the question of enfranchising women has become national and pledged his support of the proposed amendment to the federal constitution giving the vote to women. Mr. Roosevelt's statement follows:

"I believe that the time has come for a greater and truer nationalism in this country. I believe in the nationalization of the issues which affect not only men but women also. The great problems of our country are national. In the matter of the railroads, for example, 46 different sets of laws for their regulation merely check and handicap their development and management. A universal federal law is essential for railroads. In the same way the question of the enfranchisement of women has become national and demands federal action.

"I therefore heartily endorse any federal amendment which shall subsequently provide:

"1. That the right of the citizens of the United States to vote shall not be denied, or abridged, by the United States on account of sex.

"2. Congress shall have power and it shall be the duty of congress by appropriate legislation to enforce the provisions of this article."

ATTORNEYS FILE NOTICE OF MOTION FOR A RE-HEARING

SPRINGFIELD, Ill., April 28.—Notice of a motion for a re-hearing has been filed with the clerk of the supreme court by attorneys representing Miss Josie Westfall, whose election as judge of the city court of Macomb, Ill., was annulled by a decision of the court at the April term.

The notice was accompanied by an announcement that a determined effort would be made to have the decision reconsidered on the ground that "its reasoning endangers the whole fabric of the Illinois suffrage law." Three of the seven justices filed a dissenting opinion.

Miss Westfall was declared elected city judge over Dean Franklin, a male contestant, on the strength of a preponderance of women's votes cast for her. Had men's votes alone been counted Franklin would have been declared victor at the polls.

OSHKOSH DEBATERS DEFEAT ILLINOIS STATE NORMAL TEAM

BLOOMINGTON, Ill. April 28.—By a two to one decision, debaters representing the Oshkosh, Wis., Normal school, defeated the Illinois State Normal team at Normal tonight. Oshkosh had the negative of "Resolved, That the principles of state socialism are better than those of free competition."

The Illinois Normal negative team which debated with Indiana Normal at Terre Haute was given an unanimous decision.

Oshkosh Defeats Terre Haute.

Oshkosh, Wis., April 28.—Oshkosh Normal school tonight won from Terre Haute, Ind., Normal school in the triangular interstate debate. The Oshkosh team took the affirmative of the question of the "merits of state socialism against that of free competition."

BEBATE BREAKS OVER BRANDEIS NOMINATION

PREDICTION IS MADE THAT UNFAVORABLE REPORT WILL FOLLOW

Reading of Interview Quoting Ashurst as Charging Republicans With Filibustering to Delay Vote, Precipitates Discussion.

Washington, April 28.—A stormy debate over the nomination of Louis D. Brandeis for the supreme court broke in the senate late today and before it was over predictions were made by two members of the judiciary committee, one of them a Democrat, that an unfavorable report on the nomination would follow when the committee reached a vote.

Discussion was precipitated when Senator Sutherland, a Republican member of the committee, read to the senate an interview published yesterday quoting Senator Ashurst as charging that Republican members of the judiciary committee were filibustering in order to delay a vote on the nomination until after the national political conventions.

Senator Ashurst stood steadfastly by the quoted statement during the heated argument that followed until assured by fellow Democrats on the committee that there was no such filibuster. He withdrew the charge at the suggestion of Senator Brandegee after he had denounced executive sessions and charged that the Republicans were angered over the nomination of Mr. Brandeis because he was a champion of the masses. Tonight it generally was believed that the debate would serve to bring the committee to a vote on the nomination within a few days. All the senators who took part in the discussion were members of the committee.

Senator Sutherland took Senator Ashurst to task both for revealing to newspapermen what had taken place yesterday in the judiciary committee and for saying that the Republican members were filibustering. Mr. Ashurst responded that he was not like some public men who would shift responsibility for what they said to newspapermen to the correspondents, but that he had not said anything about what had transpired in the committee room.

"I am not one of those senators who pretend to deliberate after their minds are made up," continued Senator Ashurst. "I can well imagine the consternation of Republican senators when the nomination of Mr. Brandeis came to this senate. Had he been a man who spent his life in steering corporations around the law, they would have been fighting for his confirmation; but having spent his life fighting for the poor people of the land casuistry is resorted to."

He added that the desperation of Republicans was shown by the fact that they now were reaching out to take a man off the supreme court and to drag him into the mire of politics, in an endeavor to defeat Woodrow Wilson for the presidency.

"Does the senator know," asked Senator Cummins, "that three-fourths of the time spent in consideration of the Brandeis nomination has been consumed by Democratic members of the committee? If there is any filibuster it has been a Democratic filibuster. The Republican members of the judiciary committee have been ready to vote on the Brandeis nomination ever since the report came from the subcommittee."

EDGAR HETTINGER CONFESSES TO MURDER OF MRS. MIDDLETON

First Strikes Woman on the Head With a Hammer and Then Slashes Her Throat With a Razor.

Chicago, April 28.—Edgar Hettinger, 19 years old, of 1814 North Kedzie avenue, confessed today to the murder of Mrs. Agnes Middleton, 41 years old, according to Captain Thomas F. Meagher of the Shakespeare Avenue police station. The confession is that Hettinger killed the woman the night of April 4th, in her flat over her notion store on the west side, first striking her on the head with a hammer and then slashing her throat with a razor. Robbery was the motive, he said.

Gustave Deutschman, a church violinist who roomed in the same flat as did Mrs. Middleton, was arrested on suspicion shortly after the crime. His case comes up in court May 3.

Hettinger was arrested yesterday. He said he had slept but little since the murder. Captain Meagher said he believed the youth to be mentally defective.

BETHLEHEM STEEL COMPANY ANNOUNCES THIRD INCREASE

SOUTH BETHLEHEM, Pa., April 28.—The Bethlehem Steel company today announced a voluntary increase of 10 per cent in wages of its 10,000 employees. This is the third 10 per cent increase given the men within the last ten months and will add \$170,000 to the monthly payroll of the company.

It was also announced that the company would spend \$18,000,000 in improvements at the local plant during the year, and that an aggregate of about \$38,000,000 had been appropriated for extensions and improvements to the various plants of the corporation.

TELEGRAPHIC BRIEFS

LONDON.—The British battleship Russell has been sunk by a mine. Admiral Fremantle, the captain of the Russell, 24 officers and 676 men were saved.

OSKALOOSA, Ia.—One girl was probably fatally injured and two others sustained severe hurts near here when the automobile driven by Miss Violet Harris, 16, skidded and turned over in a ditch.

CRESTON, Ia.—Nelson V. Luce was held here to await hearing upon an indictment charging him with the embezzlement of government funds while postmaster at Hamburg, Iowa.

DAVENPORT, Ia.—Archbishop John Bonzano, Pope Benedict's apostolic delegate to the United States, sent word to Bishop James Davis, of Davenport, that he would attend the national convention of the Knights of Columbus to be held in Davenport August 1, 2 and 3.

CHICAGO.—Criticism of candidates for public office who place self above public duty and of citizens who neglect their duties at the polls was voiced here by Governor George W. Clark in the course of an address at a dinner of the Hawkeye Club of Chicago.

NASHVILLE, Tenn.—A compilation by inter-state commerce commission examiners showing that 22,800 free passes with a cash value of \$226,000 were issued by the Louisville and Nashville and Nashville, Chattanooga and St. Louis railroads in 1913, most of them at the request of members of the Tennessee and Kentucky legislatures was placed in the record of the commission's investigation of the two roads.

INDICT EIGHT GERMANS ON CHARGE OF CONSPIRACY

True Bill Is Found on Testimony Given by Capt. Von Kleist and Ernest Becker.

New York, April 28.—The federal grand jury returned an indictment today against eight Germans recently arrested on the charge of engaging in a conspiracy to place incendiary bombs on ships carrying munitions for the entente allies and against Dr. Walter T. Scheele, president of the New Jersey Agricultural Chemical company, the alleged leader of the conspiracy who has not yet been arrested.

It was at Scheele's factory that the bombs were manufactured, it is alleged. The indictment was found on testimony given by Captain Von Kleist who was employed in the Scheele factory, and Ernest Becker, an electrician aboard the Hamburg-American line steamship Friedrich der Grosse, on which it is also alleged bombs were manufactured. Both were among those indicted, but have been promised immunity, according to the district attorney.

The others are Captain Otto Wolpert and Captain Eno Bode, of the Hamburg-American line; Carl Schmidt, chief engineer and Frederick Karbalde, Wilhelm Parades and George Praedel, assistant engineers of the Friedrich der Grosse.

The indictment charges that the acts in the conspiracy were committed between January, 1915, and April, 1916.

FATE OF LORIMER WILL REST WITH JURY EARLY NEXT WEEK

CHICAGO, April 28.—The fate of former Senator William Lorimer, charged with participating in the wrecking of the LaSalle Street Trust & Savings bank, will rest with the jury early next week. Albert Fink, attorney for Mr. Lorimer, concluded the technical part of his argument today and will discuss Mr. Lorimer's character tomorrow. On Monday it is expected he will finish. Attorney Hayden Bell for the state will close for the state and the case wherein embezzlement and conspiracy are charged will go to the jury.

COMPANY E, AT MACOMB IS MUSTERED OUT OF SERVICE

SPRINGFIELD, Ill., April 28.—Company E, Fifth infantry, at Macomb, Ill., has been mustered out of the service of the state, it was announced today at the office of the adjutant general. Capt. George E. Guy has been placed on the retired list. A new company which has been organized at Hillsboro, Ill., is to be mustered in as E company of the Fifth.

The resignation of Ralph Dart, captain Sixth infantry medical corps, Rock Island, was announced today.

ELLIOTT ALLOWS BUT FIVE HITS AND WESLEYAN DEFEATS ILLINOIS

BLOOMINGTON, Ill., April 28.—Illinois Wesleyan baseball team this afternoon defeated Illinois College of Jacksonville, 5 to 1. The visitors were able to secure but five hits off Elliott, while Wesleyan touched Fanning for eleven. An interesting feature of the game was that the two home runs scored, were scored by the opposing pitchers. Elliott struck out 12 men and Fanning eight. Pierce, of Illinois, made a two bagger.

REDMOND DENOUNCES REVOLT IN IRELAND

DOES NOT BELIEVE MOVEMENT WILL
ACHIEVE ITS ENDS

Leader of Irish Nationalists Asserts Majority of People of Ireland Retain Their Calmness, Fortitude and Unity.

London, April 28.—John Redmond, leader of the Irish nationalists in the house of commons tonight gave the Associated Press the following statement, concerning the uprising in Dublin:

"My first feeling, of course, on hearing of this insane movement, was one of horror, discouragement and almost despair. I asked myself whether Ireland, as so often before in her tragic history, was to dash the cup of liberty from her lips—was the insanity of a small section of her people once again to turn all her marvelous victories of the last few years into irreparable defeat and to send her back on the very eve of her final recognition as a free nation, into another long night of slavery, incalculable suffering and weary and uncertain struggling.

"For look at the Irish position today. In the short space of forty years Ireland has by a constitutional movement, made an almost unbroken triumphal march from pauperism and slavery to prosperity and freedom. She has won back the possession of Irish land; she has stayed emigration; she has at last begun an era of national prosperity. Finally, she has succeeded in placing on the statute books the greatest charter of freedom ever offered her since the days of Grattan. Is all this to be lost?

"When war came she made a choice which was inevitable if she was to be true to all the principles which she had held thru all her prosperity and which she had just so completely vindicated on her own soil, namely, the rights of small nations, sacred principles of nationality, liberty and democracy.

"Leave the question of principle out and consider the question only of the mere interests of Ireland itself. What did the situation demand?

"Neutrality? That was impossible. Hostility to the just cause of the allies? Is there a sane man in Ireland who does not see that this meant the drowning of Ireland's newly-born liberties in Irish blood. Be this view right or wrong this was the opinion of an overwhelming majority of the Irish people. It was the opinion which thousands of Irish soldiers have sealed with their blood by dying in the cause of the liberty of Ireland and of the world.

"But, anyhow, it was the opinion of Ireland, and surely I need not argue the principle, especially with anybody who has professed himself a home ruler, that the policy of Ireland must be decided by Ireland herself. That is the principle which has been adopted by the Irish race everywhere.

"Millions of our people in the United States and elsewhere, whose generous devotion helped us so largely to win our victories for the motherland of our race, have always accepted it. However, bounteous their help, they have never denied Ireland's right to choose her policy for herself. That doctrine has been contested only by the very same men who today have tried to make Ireland a cat's paw of Germany. In all our long and successful struggle to obtain home rule we have been thwarted and opposed by that same section. We have won home rule, not thru them, but in spite of them. This wicked move of theirs was their last blow at home rule. It was not half so much treason to the cause of the allies as treason to the cause of home rule.

"This attempted deadly blow at home rule carried on thru this section is made more wicked, more insolent, by this fact—that Germany plotted it. Germany organized, Germany paid for it. So far as Germany's share in it is concerned, it is a German invasion of Ireland as brutal, as selfish, as cynical as Germany's invasion of Belgium. Blood has been shed and Ireland has not been reduced to the same horrors of Belgium with her starving people, her massacred priests and her violated convents, it is not the fault of Germany.

"And the final aggravation of this movement is this. The misguided, insane young men who have taken part in this movement have risked and some of them lost, their lives. But what am I to say of those men who have sent them into this insane and anti-patriotic movement while they have remained in the safe remoteness of American cities?

"I might add that this movement has been set in motion by this same class of men at the very moment when America is demanding reparation for the blood of innocent American men, women and children shed by Germany and thus they are guilty of double treason—treason to the generous land that received them as well as to the land which gave them birth.

"As to the final result; I do not believe this wicked and insane movement will achieve its ends. The German plot has failed. A majority of the people of Ireland retain their calmness, fortitude and unity. They abhor this attack on their interests, their rights and their principles.

"Home rule has not been destroyed. It remains indestructible."

DUNNE TO ATTEND LUNCHEON IN HONOR OF COL. ROOSEVELT

Announces He Will Hold Two Hearings on Requisitions in Chicago Today.

Springfield, Ill., April 28.—Governor Dunne said today he would attend the luncheon in honor of Col. Theodore Roosevelt at the University club in Chicago tomorrow and also hold two hearings on requisitions issued by the governors of Wisconsin and Indiana for the return from Illinois of alleged fugitives from justice of those commonwealths.

Arrangements were made today to hold a hearing at a downtown hotel on the extradition of Hanford F. Donnelly, which is sought by the authorities of Milwaukee, thru the governor of Wisconsin. Donnelly is wanted there on a charge of embezzlement. The extradition of Donnelly has been delayed because of charges against him pending in Illinois. These charges have been dismissed.

Hugo Kohn is wanted in Fort Wayne, Ind., to answer the charge of perjury brought by the authorities of Allen county, Indiana. Kohn is being held by the Chicago police.

"I will write the governor of New York today and ask for the return of the requisition for Guy Billinger," said Governor Dunne. "When the West Virginia proceedings are completed, if the state's attorney of Cook county wishes to renew the bribery charges, we can arrange to bring Biddinger back to Illinois. This business of requisitions is taking up a large share of my time these days."

BISSEL CONFESSES THAT HE MURDERED EDNA DINSMORE

States Resentment, Caused by the Refusal of the Child's Mother to Marry Him Prompted the Crime.

Lansing, Kans., April 28.—Fred Bissell, a Topeka baker, confessed late today that he murdered Edna Dinsmore, a 10 year old girl, in Topeka last Tuesday. Resentment, caused by the refusal of the child's mother to marry him, prompted the crime, according to the confession made to J. K. Coddling, warden of the Kansas state penitentiary and L. L. Kiene, sheriff of Topeka and given out by the warden.

After Bissell had overpowered the child he left the vacant house where the crime was committed, according to his statement, purchased smoking tobacco and read a newspaper. Then he returned to his victim. The little girl was not dead but Bissell went into an upper room of the building and set the structure afire. From a nearby street corner Bissell saw the smoke curling from the roof top and waited until the fire companies arrived. Then he went back to his father's bakery.

CREST OF FLOOD IS REACHED AT LA CROSSE FRIDAY-NIGHT

LACROSSE, Wis., April 28.—The crest of the flood was reached in LaCrosse tonight, it is believed, when the Mississippi attained a stage of 13.7, equalling the high mark of April 10, 1897.

The Chicago, Milwaukee & St. Paul and the Chicago, Northwestern & Omaha railroad companies still are keeping an army of men on the right-of-ways between Midway and East Winona, placing bags of sand and rock on the embankments which are threatened with washouts.

The flood has entered three LaCrosse factories, forcing plants to close down.

River Is Falling Slowly.

Winona, Minn., April 28.—With the Mississippi river falling slowly tonight, it is believed that the danger of further breaches in railway road beds and dikes is passed.

BLIND IN LEFT EYE THIRTY FOUR YEARS; REGAINS SIGHT

SPRINGFIELD, Ill., April 28.—J. R. Graham, 74 years old, prominent land owner near Middletown, has regained the sight of his left eye after being blind in that eye 34 years.

In 1882, while working with blackberry vines, he ran a thorn into his left eye. Unable to save the sight, specialists advised that the eyeball be removed. His wife strenuously objected.

Yesterday, while reading, he closed his right eye, and to his astonishment he discovered that he could see with the long dead member. The sight of the eye has been completely restored.

REBELS CONTROL SECTION OF DUBLIN

Continue to Withstand Military's Efforts to Disperse Them

BRITISH MEET REVERSES

Turks Annihilate Force of Four Cavalry Squadrons in Battle Near Quatia

AVIATORS ACTIVE IN WEST

BULLETIN.

KINGSTON, Ireland, April 28.—via London, April 29.—Four hundred Irish rebels were made prisoners when the troops captured St. Stephens Green and drove them out with bombs.

Irish Rebels are still in control of a section of Dublin, according to an official statement by Field Marshal French, given out in London tonight. The military operations against the rebels are proceeding satisfactorily, the field marshal says.

The rebels are barricaded principally in the Sackville street district with the general postoffice as their headquarters and continue to withstand the military's efforts to disperse them.

James W. Gerard, American ambassador to Berlin, has gone to the German army headquarters to confer with Emperor William concerning the reply to the American note on German submarine warfare. Prominent German statesmen, including Vice-Admiral Von Capelle, the successor of Admiral Von Tirpitz as minister of the navy already are at the emperor's headquarters.

Only aerial and artillery activities mark the progress of the fighting on the European fields but the British have met with reversals both in Egypt and Mesopotamia.

Annihilate British Force.

In a battle near Quatia, according to reports from Constantinople, a British force of four cavalry squadrons (about 800 men) have been annihilated by the Turks who captured 300 prisoners besides inflicting heavy losses.

Airmen also have been active in the Asiatic field. Constantinople claims that a British aeroplane raided Quatia after the British defeat and threw bombs on a hospital.

The Turks attacked from an aeroplane an entente allied warship at El Kantara and the docks at Port Said. They also dropped bombs on entente aviation grounds on Imbros island.

Artillery Bombardment Violent.

There has been some infantry activity along the front in France held by the British forces but along the rest of the front the artillery and aerial arms have been the means of attack by the opposing forces. The artillery bombardment has been violent both east and west of the Meuse in the Verdun region. East of the Meuse the Germans shelled the French positions between the Cote du Poivre and Duhaumont.

French airmen have shelled German stations and the Germans have retaliated by attacks in the Verdun sector.

German aeroplanes have dropped bombs on the Russian battle ship Slave in the gulf of Riga and Berlin reports the action had good results.

The Russians have attacked Russian warehouses at Rjezecz with airships. Reports of activities on the Austro-Italian line and on the Russian-Turkish front in Asia Minor relate no important actions.

Rebels Hold Postoffice.

London, April 28.—For all the British public is permitted to know the flag of the Irish rebels is still floating over the Dublin general postoffice which was captured Monday by the Sinn Feiners, out for what was innocently supposed by the Dublin populace to be a mere Easter Monday route march.

No telegrams have been received from Dublin by any newspaper and, although confidence is felt that the authorities have the situation in hand and have ample resources to deal with it, nothing appeared in the London newspapers today to add to what was known yesterday concerning the trouble in Dublin.

It is reported from Belfast that the postoffice has been recaptured but the report has not yet been confirmed by any other quarter. From Belfast also comes the official report issued at Dublin Castle Wednesday stating that Liberty Hall was captured after being shelled by a gunboat on the river Liffey, and that the situation was well in hand in other parts of the city.

The British papers print long dispatches and show the strongest interest in reports from America that Germans and Irish-Americans are involved in the revolt and that German money and influence is behind the movement. They also publish the admission by the Cologne Volkszeitung that "the Irish adventure" was intended to influence opinion in the United States.

The Way to Get Verdicts.
A Morgan county jury after spending twenty-four hours in a jury room, reported to the court that they were unable to agree. The report was that from the very beginning the jury stood nine for conviction and three for acquittal. The men undoubtedly spent a wearisome time in the jury room, furnished only with its hard benches, and there was never any change in the vote. The result illustrates the difficulty of securing conviction in liquor cases and also emphasizes the faults of the jury system.

A circuit judge well known locally does not approve the plan of keeping a jury out all night or in delaying taking them to meals, as he believes that it is possible to get better results—that is, they are more likely to have a verdict reached—if the jurors are in the state of mind which is reputed to come to the average man if he has a full stomach and plenty of sleep.

"Mental Attitude."
The opinion of the circuit judge who believes that jury verdicts are much influenced by the feelings of the jurors is in line with that of John Bassett Moore, international law expert. In a recent address he declared that the surest peace to the nations of the world will come thru proper mental attitude. He declares that men need the mental attitude which will naturally result in their thinking of amicable processes rather than of war when differences arise. This mental attitude must be the result of education and consequently the outgrowth of years. Ministers might look upon the "mental attitude" as a matter of conversion and declare that world peace will surely come when the majority of men get to the right way of thinking and living.

Ford as Vice President
Political leaders of both the Republican and Democratic parties are somewhat disquieted by the continued rumors of the formation of a peace party, to rally round the principles advocated by William J. Bryan and Henry Ford with reference to the preparedness issue. Developments of recent weeks have been such as to make clear that in a number of the central and central west states no great sentiment for preparedness has been aroused.

When winter is done, and its journey is run, it ought to retire for a while; retire to its tomb, or its lair, and make room for spring, with her radiant smile.

neat, and the girls say he's sweet as the bees and the birds and the buds. Then spring flies away, and the heavens are gray, and winter comes back with a roar, with winds that are bleak, being fed for a week somewhere on the Spitzbergen shore. Then where is the guy who was sauntering by attired in his summer-time rig? In a hospital bed he is out of his head insisting on dancing a jig. Doc says to the nurse, "Better order a hearse, and meager (this gent for a grave; there's no way to miss such a drama as this, since winter won't learn to behave."

would be about equally dangerous for both of the old parties, and in that fact of equality alone is there some consolation. In this connection one political writer suggests the availability of Henry Ford as vice president on the Republican ticket, not only as a means of offsetting the Bryan-Ford movement, but also because Mr. Ford meets the old time specifications for a vice presidential candidate "as a man of some success and respectability, with a mighty barrel."

Co-operation Is This City's Greatest Need.
One of the strongest criticisms which is given Jacksonville is the lack of co-operation among citizens. It is a lamentable fact that on practically every public question that comes up for discussion or settlement, that lines of "for" and "against" are speedily drawn. It is true about public matters in both city and county. It is true in school affairs, in public enterprises, and sometimes even in church affairs. This city is getting a reputation out thru the state of having unnecessary factional differences, and it is just about time for the people to realize that that undesirable reputation has been secured, and then, after they realize it, to make such changes that the reputation will be undeserved.

In a city of this size the way to accomplish things is by harmony of action. All the people cannot be leaders, and there is no reason why there should be a disposition to immediately criticize and oppose those who do lead. There is frequently the unfortunate disposition shown on the part of citizens who are unwilling to devote time to public enterprises but who confine their activity to throwing cold water upon the enterprises advocated by others. If this city is to progress in a business and educational way it is essential that jealousies and personalities be forgotten, and that individuals consider the larger good above self.

WOMEN IN THE NEWS.

Washington.—That women's chance for a long life is greater than that of men is the deduction drawn from the statistics compiled by the Census Bureau. It appears that females are longer lived than males to the extent of more than three years. This is, in some respects, the report says, because of the greater number of violent deaths among men, but the figures also indicate that the death rate of females during the first year of life is fewer than for the male. The average expectation of life for white males is 52.2 years, and for white females, 55.6 years.

Cincinnati.—Owing to the fact that 98 mothers' clubs of this city, representing 5,500 women, have been ignored in the citizens' book recently published by the Chamber of Commerce, a meeting of the clubs will be held today to formulate a protest. A heated discussion is under way, the mothers' club members claiming that the oversight was unpardonable. "Surely five thousand women at work for civic, social and moral betterment deserve some mention in a history of this city," is the declaration of Mrs. George Keller, president of the Cincinnati Federation of Mothers' Clubs. Singularly enough, Mrs. Keller's husband is a member of the Chamber of Commerce, which published the book.

New York.—That the question of women's dress will be brought before the coming biennial of the General Federation of Women's Clubs is indicated by Mrs. William G. Brown, chairman of the local board of the federation. "Ten thousand delegates will take back to their homes a concrete idea of dress reform that will be a blessing to the whole country," she says. "Most clubwomen want to establish a general rule against indecent extremes."

Madison, Wis.—The Wisconsin Congress of Mothers will open its annual convention here tomorrow. Mrs. H. T. Belts of Mukwonago, president of the organization, and a big attendance is promised, she says.

Washington, D. C.—The annual Dixie ball of the Robert E. Lee Chapter, U. D. C., will be held tomorrow evening at the Raleigh. Among the patronesses are Mrs. Thomas Watt Gregory, Mrs. Charles D. Carter, Mrs. South Trimble, Miss Naamie Randolph Rich, Mrs. Burleson and Mrs. Caroline Longfellow. On the reception committee are General Gorgas, Col. Robert E. Lee and other southern notables. The ball is one of the brilliant functions of the spring at the capital, and this year it promises to sustain the other dances.

St. Louis, Mo.—Mrs. Clara P. Garrett of this city has won this year's grand prize of the St. Louis Art Salon for her sculpture "Mother and Daughter." Mrs. Garrett is a native of Philadelphia, but has spent most of her life here. She studied in Paris and exhibited there, and has won many honors in sculpture. San Francisco.—Mrs. Wong Sun Yue Clements, for years an active social worker here, and her sister, Mrs. Howard Gould, who left for China a few months ago to introduce child training among the Chinese, have established their first school in Pekin and are winning high praise from government officials, according to word received by their friends here. The German minister gave a dinner in their honor, and a number of diplomats and officials were present.

SOCIAL EVENTS

South Side Circle
in Last Regular Meeting.
Mrs. A. W. Baldwin and Mrs. Florence Fanning entertained the South Side Circle in the last meeting of the year, Friday afternoon at the home of Mrs. Baldwin, 202 South Prairie street. Readings and musical selections were given by young women from the Woman's college. The paper of the afternoon, "The Results of the Present War on the United States" was presented by Mrs. Ollie Parker. Distribution was made of the annual calendar, prepared by Mrs. T. H. Buckthorpe, Mrs. E. C. Carpenter, Mrs. William Newman and Mrs. Barlow McIntire as a program committee.

Mrs. Rodman Entertains for Son's Birthday.
Mrs. George S. Rodman entertained at her home in West College street Thursday afternoon in honor of the ninth birthday of her son, Scott Rodman. Classmates of the boy and a few friends residing in the neighborhood were the guests of the afternoon. Mrs. Rodman was assisted by Mrs. H. Wilder, her son's Sunday school teacher, Miss Verne Smith, his teacher at school, and Mrs. P. G. Stein. The dining room was charmingly decorated in red and white. A number of clever games were played and the occasion for each was most enjoyable.

C. N. Priest Given Party on Birthday.
Mrs. C. N. Priest and Miss Eula Priest entertained at 6 o'clock dinner Friday evening, honoring the birthday of Mr. Priest. There were eleven guests. Pink and white were the colors used in the dining room. A pleasant social evening followed the dinner.

Westminster Birthday Party.
The March and April birthday party of the ladies of Westminster church was held at the home of Mrs. Julia Holmes on West College avenue Friday afternoon. The attendance was especially large and the program of the afternoon one which proved delightful. Mrs. William Parr Brown, Jr., sang a group of songs and graciously responded to an encore. Her accompanist was Miss Inez Huckleby. Two piano solos were given with great excellence by Miss Edith Hillierby. The rest of the afternoon was spent in a social way and substantial refreshments were served. The hostesses for this event were Mrs. Julia Holmes, Miss Louise Holmes, Mrs. Laura Kellogg, Mrs. J. A. Munson, Mrs. Mary Johnson, Mrs. J. W. Walton, Mrs. J. G. Capps, Miss Jeanette Miller and Mrs. J. M. Cully.

Kewpie Klan Meets.
Members of the Kewpie Klan were pleasantly entertained Thursday evening by Miss Hildegard Sibert at her home on South East street. Games and music afforded amusement and a dainty luncheon was served. In the contest prizes were won by Miss George Melton and Miss Irene Park. Miss Della Thomas was a guest of the club.

Mound School Pupils Had Picnic.
Pupils of the Mound school, of which Miss Mabel Hanning is the teacher, enjoyed a picnic at Nichols park yesterday as a fitting close to the school year. There were nearly forty pupils in the school and with a number of their parents they went to the park before noon and remained for both dinner and supper. The hours were spent very pleasantly with games, boat riding and various amusements. Mrs. Emma G. Smith furnished conveyance for practically all of the children. The day was one that all will remember with pleasure. Miss Hanning, who had charge of the school has done very successful work.

Unity Workers Elect Officers.
The Unity Workers of the First Presbyterian church of Woodson held their regular monthly meeting Thursday afternoon at the home of Mrs. William Rook. An election of officers was held, the following being elected: Pres., J. W. Hoagland; 1st Vice President, Mrs. W. B. Ham; 2nd Vice President, Mrs. W. B. Ham; Secretary, Mrs. W. B. Ham; Treasurer, Mrs. George Cunningham. After the election a social hour was enjoyed and Mrs. Rook served delicious refreshments. The meeting as a whole was a very interesting one.

Ebenezer Missionary Society Meets.
The Woman's Foreign Missionary society of Ebenezer church held its regular meeting Thursday afternoon at the home of Mrs. Charles Martin. There was a large attendance of members. The devotionals were led by Miss Katie Blackburn. There were readings by Miss Pearl Deweese and Miss Elsie Cully. Miss Ella Blackburn gave a review on Missionary work and Miss Ruby Deweese gave a piano solo. After the program a social hour was enjoyed and dainty refreshments were served.

Progressive Society in Closing Program.
Members of the Progressive society of David Prince school closed the year Friday evening by a program which will be long remembered as one of the most pleasant of the whole school term. Mrs. Genevieve Clark Wilson and L. G. Woodman both have children in the Progressive society and both generously gave of their time and ability in furnishing the young people with a complimentary program. Mr. Woodman is well known for his skill

Free inspection of any battery at any time

Willard Reaches the Million Mark

On Saturday, April the 8th, the total production of automobile lighting and starting batteries by the Willard Storage Battery Company of Cleveland reached the total of one million. The production in the immense factor of this company has grown by leaps and bounds during the past year since completion of the new plant.

The long experience of the Willard Company in manufacturing storage batteries is largely responsible for so many car builders making Willard their choice. That their judgment is good has been strongly evidenced by the year in and year out satisfaction reported by car owners.

This means satisfaction not only in the battery itself, but in the service which is afforded by over 725 Willard Service Stations.

To increase this owner satisfaction, the Willard Company originated a unique plan of giving free inspection, once every month to any car owner, regardless of the battery he used. This plan has worked out very successfully and has been followed by a great many other storage battery manufacturers.

"THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her
Praise For Cardui.

Circleville, Ohio.—"All I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town.

"I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all.

My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work.

Before taking Cardui, I was a walking skeleton; now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."

There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 50 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for that tired, nervous, worn-out feeling, get a bottle of Cardui today. At all druggists. NCB7

GERARD IS NOT INFORMED OF PURPOSE OF CONFERENCE

No Explanation Accompanies Invitation to Ambassador to Confer With Kaiser.

Washington, April 28.—Ambassador Gerard at Berlin in advising the state department today that he had been invited to confer with Emperor William at army headquarters said he had not been informed of the purpose of the conference. In fact Secretary Lansing said when announcing the receipt of Mr. Gerard's despatch, no explanation of any kind had accompanied the invitation. The belief prevails here, however, that the emperor desired to discuss the general submarine situation with Ambassador Gerard and possibly explain in detail his views for the benefit of President Wilson. Diplomats especially those attached to Teutonic embassies, seemed to regard the conference between the emperor and the ambassador as holding a certain degree of hopefulness.

Brief consideration was given the submarine issue at today's cabinet meeting—the first held in a week, but Secretary Lansing was able to give only the most meagre information on the subject. In view of the activity of the German government officials and their apparent intention to reach a decision as quickly as possible the president is disposed not to instruct Ambassador Gerard to press for a reply to the American demand at once.

The question will not be allowed to drag along many more days however, it was said today. The attack by a submarine on the British merchantman industry reported today and the placing of the crew in open boats 120 miles from shore, created an unfavorable impression on officials, although there were no Americans on board and therefore the United States is not directly concerned.

Germany has admitted that it is only proper to place passengers and crews of attacked vessels in open boats when they are near shore and the weather is good.

AGREEMENT IS REACHED FOR SUPPLYING FOOD TO POLAND

STOCKHOLM, via London, April 29.—According to Petrograd dispatches received here an agreement has been reached for the supplying of foodstuffs to Poland thru American and Scandinavian committees.

Great Britain, the dispatches say, finally has consented to raise the blockade on Poland provided guarantees are given that the shipments will not be diverted to others than Pole civilians.

According to the telegrams a council of war will not meet the American and Scandinavian Red Cross representatives.

The plans for the shipment of foodstuffs direct to a Baltic port and not to send them thru Sweden.

DRAMA LEAGUE CELEBRATES TRICENTENARY

St. Louis Mo. April 28.—The formal celebration by the Drama League of America, of the tricentenary of William Shakespeare, takes place here today, when the 300 delegates to the sixth annual convention of the organization will go thru a elaborate ceremony at the Shakespeare statue in Tower Grove park.

An ode to Shakespeare, written by Sara Teasdale of St. Louis, will be read by William Faversham. Short speeches by noted actors, authors and musicians will be made. A mulberry tree will be planted near the statue as a memorial to the occasion. Then folk dances of the Elizabethan period will be given by men and girls in costume. The statue will be decorated for the occasion. Following the public celebration, a reception will be tendered the delegates in the Elizabethan garden in Shaw's Gardens, with the director, Dr. George T. Moore, as official host.

MILLIONAIRE GETS WAR TRAINING

Detroit, Mich., April 27.—Four millionaires are included in the 240 members of Detroit's citizen soldiery who leave here tonight for a three-day encampment. Trench-digging, patrol problems, tent pitching and many of the field maneuvers of an army in the field will be gone thru under the eye of army officers. The camp will be located six miles east of Pontiac. The volunteers will be up and busy each morning at 5:30, and the program will keep them busy until ten at night, when campfire talks will be held.

ANCHORAGE LABOR UNION REJECTS WAGE SCALE OFFERED BY BOARD

SEWARD, Alaska, April 28.—The Anchorage labor union today rejected the wage scale offered by the federal arbitration board endeavoring to settle the strike among workmen on the government's railroad in Alaska. The strike began Feb. 12th.

According to railroad officials the American workmen at Anchorage were satisfied with the scale but the foreign element, comprising a majority of the common laborers, dominated the meetings of the union held yesterday and stood out for a higher scale.

Work continued today at Seward without a sign of trouble.

Lieutenant Mears of the commission said he had not asked for troops and none were on the way.

LARGE FORCE OF TROOPS WILL CROSS INTO MEXICO TODAY

COLUMBUS, N. M., April 28.—The largest force of troops which has left Columbus since the initial command crossed the border six weeks ago is encamped tonight on the frontier, fifteen miles west of here. The troops consisting of more than a regiment of cavalry, are preparing to cross the line into Mexico at daybreak tomorrow.

The soldiers left Columbus upon orders of General J. J. Pershing, expeditionary commander, and it was stated at military headquarters here tonight that no reasons had been outlined in the order.

VIRGINIA WOMAN HAS EYE BROWS BURNED OFF IN GAS EXPLOSION

VIRGINIA, Ill., April 28.—Mrs. Henry Hunt, vice-president for Cass county of the Illinois Federation of Women's clubs, lost her eye brows in a gas explosion here today. She owes her sight to the fact that she wore eye glasses.

The gas in a coal stove exploded, and Mrs. Hunt, who was standing near, was burned about the face and head. A large portion of her beautiful head of hair was burned away.

CHIEF HEALY FORMALLY ACCEPTS RESIGNATION OF CAPT. HUNT

CHICAGO, April 28.—Police Chief Healy today formally accepted the resignation of Nicholas Hunt, chief of detectives, who tendered it yesterday, saying he was interfered with by politics in the administration of his duties. Mayor Thompson refused to act on the resignation, referring the matter to Chief Healy, who said that the only thing for him to do was to accept it. It was reported that a vigorous shakeup in the police department would follow.

AMERICAN SAILORS THREATEN TO STRIKE NEXT WEEK

New York, Apr. 28.—A seamen's strike along the entire Atlantic seaboard is a possibility for the coming week, unless the vessel owners and their employees can reach some agreement. The demand for higher wages and shorter hours has been made by the various branches of the sea service, not only on the Atlantic Coast, but also on the Pacific Coast, and the shipping interests of the country are threatened seriously with a tie-up.

The International Seamen's Union of America has demanded ten dollars a month advance in wages for able-bodied men. In vessels going to the war zone, a 25 percent bonus additional to wages is demanded. The new wage scale applies to all vessels, steam or sail, irrespective of nationality, that sign on men in ports of America.

On both coasts, the Sailors' Union, the Marine Firemen, Oilers and Water Tenders' Union and the Marine Cooks and Stewards' Association have presented demands, and the time limit has been set as May 1. Strike votes have been taken, and it is said the union officials have been empowered to call a strike unless a new agreement is reached at higher rates of wages.

TO BRING FIGHT TO A HEAD MONDAY

Washington, April 28.—Democrat and Republican leaders of the house decided to bring the fight over the Philippine bill to a head Monday. They agreed that a special rule should be submitted then providing that the measure, now in such a parliamentary status that consideration otherwise for many weeks be taken up for debate and amendment and finally voted on before adjournment.

HOME OF J. B. BURCH IS BURNED TO GROUND FRIDAY

Franklin Residence Property Completely Lost, Tho Most of Household Goods Are Saved—Spark From Bonfire Thought to Be Cause.

Sparks from burning brush are thought to be the cause of a fire which burned the residence of J. B. Burch Friday evening at Franklin. When the fire was discovered at 5:30 o'clock the roof was ablaze. A flying brand from a brush pile, it is thought, may have lodged on the roof and smoldered for some time before the flames began to spread.

The home of Mr. and Mrs. Burch was comparatively new, having been erected about five years ago. It was a one story structure but was comfortable and roomy and was known as one of the handsome residence properties of Franklin.

PEACE, POLITICS AND DEFENSE CHIEF TOPICS

American Academy of Political and Social Science Meets.

Philadelphia, Pa., Apr. 27.—International relations, the basis of durable peace, and national defense of the United States are the principal subjects of discussion on the floor of the 20th annual meeting of the American Academy of Political and Social science, which opens here tomorrow. There will be six special sessions during Friday and Saturday, and a general session will mark the twenty-fifth anniversary of the founding of the academy as a national society.

The whole question of preparedness and the prevention of war is of such acute importance at this time and is so complex in its nature that the Academy has deemed it wise to devote the program to this subject.

The opening session tomorrow will be given over to a discussion of the question, "The Basis of a Durable Peace and the Safeguards Against Future International Conflicts." This session will be held at the Chamber of Commerce. On Friday afternoon, the topic will be "What Program Shall the United States Stand for in International Relations?" In the evening the members will gather for a discussion of "The Significance of Preparedness."

On Saturday, the morning subject will be a consideration of "The Effect of a Large Military and Naval Establishment on Our Domestic Institutions and Policy." International relations will be covered in the afternoon, and Saturday night the effect of the preparedness policy on America's influence as a world power will be considered.

Prominent men and leaders of thought on the various phases of these questions will take part in the program. Hon. Josephus Daniels, Secretary of the Navy, Rabbi Stephen S. Wise, Oswald G. Villard, Edward F. Rouse, Dr. Simon Patten, Prof. Franklin H. Giddings, Senator E. Chamberlain, Congressman Henry D. Flood, Frederick R. Coudert, R. V. Sidney L. Gulick, Dr. Talcott Williams, Gifford Pinchot and Congressman Kent of California are among the notables who have promised to present papers.

Nottingham, Eng., April.—The lace trade here has suffered so from a shortage of threaders who have joined the army and the transfer of women to munition works that the government has complied with the request of the manufacturers for a relaxation of the rules prohibiting the employment of females of under sixteen years of age and males of fourteen years in branches known as threading the brass bobb in, winding, jacking off and stripping.

JACKSONVILLE SECOND IN GRIGGSVILLE MEET

WHITE HALL WINS FIRST AND BEARDSTOWN THIRD PLACE.

Athletes from J. H. S. Gave Opponents Good Run Thruout the Afternoon—Pittsfield Wins Declamatory with Barry Second—Track Team Brings Home Four Firsts and Lowers Records.

Jacksonville high school finished second in the sixth annual meet of the Illinois Valley High School Athletic association Friday afternoon at Griggsville. White Hall was first and Beardstown third. The standing of the schools by points was: White Hall 45; Jacksonville 39; Beardstown 34; Roodhouse 29; Pittsfield 5; Griggsville 1; Winchester 1; Barry 0; Bluffs 0.

In the declamatory contest Pittsfield was first, Barry second and Griggsville third. In the athletic events the J. H. S. men won first in the 440-yard dash, 220-yard dash, running broad jump and the 220-low hurdles. The Jacksonville athletes won second place in the pole vault, 50-yard dash and 100-yard dash. Each of the boys did his part well and there were a few small disappointments, at least one of the athletes being out of condition by reason of recent illness, indications for a high degree of success in the Illinois college invitation meet next week are not lessened. Coach Hubbard has good reason to be proud of his 1916 track team.

The Declamatory Contest. Miss Myrtle Blinn of Pittsfield, winner of the declamatory contest, spoke "Judith of Eighteen Sixty-Four." "The Lost Word" was given by Miss Bessie Moyer of Barry, winner of second honors. "Angel's Wickedness" by Miss Lucille Northup of Griggsville, stood third in rank. The contest was held in the Griggsville Opera House at 8:15 o'clock. Jacksonville was represented by Miss Margaret Irving, who spoke in excellent manner, "Joint Owners in Spain." Miss Irving was accompanied to Griggsville by Miss Marie Scott of the department of public speaking. Other speakers were Leo Murphy of Winchester; Wilburn Spencer of Roodhouse; Cecil Manwaring of Beardstown; Harry Evans of White Hall and Raymond Six of Bluffs. The judges were Andrew Jackson, principal of the high school at Hannibal, Mo., Prof. Simpkins of Macomb, and Prof. Gavins of Illinois State Normal university. At the close of the program the decision of the judges was made and declamatory medals were awarded.

Attendance at the afternoon meet was not overly good, schools from a distance failing to send large delegations of rooters as has often been the custom in the past. The meet, however, was run off in good fashion and without disorder. Among officers of the day were Irvin B. Porter and Hansel Wilson of Illinois college. Several association records were broken in the course of the afternoon. Carl Spencer of Jacksonville lowered the 440-yard dash record from 56 1-5 to 55 2-5. In the 220-yard dash Homer Reynolds clipped a fifth of a second from the record, and in the running broad jump Reynolds lowered his own record by 8 1-4 inches. Following are the events of the afternoon and the winners in each: Pole Vault. Distance, 10 feet. First, George Arnold, Roodhouse; second, Harold Ferguson, Jacksonville; third, H. Cryder, White Hall; fourth, Thomas Wright, Beardstown. Record of 10 feet was set by Buchelt in Beardstown in 1915.

50-Yard Dash. Time, 5 4-5 seconds. First, Daniel McLamar, Roodhouse; second, Homer Reynolds, Jacksonville; third, R. Close, White Hall; fourth, E. Vandavey, White Hall. Record by Campbell of White Hall 5 4-5 in 1914, equaled by Quincey in 1915.

100-Yard Dash. Time, 10 2-5 seconds. First, R. Close, White Hall; second, Homer Reynolds, Jacksonville; third, Verne Stuart, Roodhouse; fourth, John Everett, Roodhouse. Record, Homer Reynolds, 10 3-5.

Discus Throw. Distance 111 ft. 5 inches. First, Milton Angier, Beardstown; second, William Spencer, Roodhouse; third, L. Price, White Hall; fourth, Ervin Knapp, Winchester. Record by Husted of Roodhouse, 120 ft. 2 inches.

440-Yard Dash. Time 55 2-5 seconds. First, Carl Spencer, Jacksonville; second, L. Doyle, White Hall; third, H. Culbertson, White Hall; fourth, John Everett, Roodhouse. Record, Theokott, Beardstown 56 1-2 seconds.

Shot Put. Distance 45 feet, 2 inches. First, Milton Angier, Beardstown; second, L. Price, White Hall; third, William Spencer, Roodhouse; fourth, K. Williamson, Griggsville. Record, Husted of Roodhouse, 46 ft. 4 1-2 inches.

Hammer Throw. Distance, 121 ft. 19 inches. First, Walter Duchart, Beardstown; second, George Arnold, Roodhouse; third, Milton Angier, Beardtown; fourth, Denzil McLamar, Roodhouse. Record, Husted of Roodhouse, 154 ft. 9 inches.

880-Yard Dash. Time, 2:16 4-5—First, Eugene Milton, Beardstown; second, L. Cochran, White Hall; third, Glenn Conroy, Roodhouse; fourth, Clyde Hembrough, Jacksonville. Record, Tapp, Quincy, 2:10.

220-Yard Dash. Time, 23 seconds—First, Homer Reynolds, Jacksonville; second, R. Close, White Hall; third, E. Wright, Beardstown; fourth, Carl Spencer, Jacksonville. Record, Campbell of White Hall, 23 1-5.

"OLD SONG" EVENING AT CENTRAL CHRISTIAN CHURCH

Pleasing Program Carried Out Under Direction of Miss Cora Graham With Aid of Able Singers.

A pleasing musical event was the old time song evening Friday at Central Christian church when Miss Cora Graham, assisted by a company which included several of the city's best musicians gave representative songs from different periods in musical history. Costumes of the old time gave an added effectiveness to the concert. Following are the numbers:

Medley—"A Homemade Xylophone"—George Marvin Burr.

The year 1850—"Robin Adair"—Miss Fern Haigh.

1879—"Auld Lang Syne"—A chorus.

1870—"Drink to Me Only With Thine Eyes"—Mrs. Julian W. Hall.

1798—"The Last Rose of Summer"—Miss Ruth Leach.

1880—"The Lass with the Delicate Air"—Miss Leach.

1800—"Comin' Thru the Rye"—Joyce Carpenter.

1810—"Flow Gently Sweet Afton"—Miss Winifred Priest and Mrs. Roland Stice.

1810—"Star Spangled Banner"—The chorus.

1840, A medley by the chorus.

1850—"Kathleen Mavourneen"—Albert Strauss.

Double quartet number by Oscar Thibaud, C. L. Mathis, Mrs. Roland Stice, Miss Graham, Miss Winifred Priest, Miss Lorene Dewees, J. Philip Read and J. Roy Harney.

1860, Solo by Miss Graham.

1880, "Silver Threads among the Gold"—Mrs. Stice.

1890, "Love's Old Sweet Song"—Mrs. Hall.

"I cannot sing the Old Songs"—The chorus.

TANNER EXPECTS DIVORCE FROM "STOLEN SWEETS" WIFE

Milwaukee, Wis., Apr. 28.—The decision in the sensational divorce suit of John H. Pflingsten, a wealthy tanner of this city, against Mrs. Pauline Pflingsten, will be announced by Judge Quinlan tomorrow. The husband claims his wife participated in an elopement from Milwaukee to Detroit with Theodore Roehmidt, an eccentric orchestra conductor. The husband said he followed the elopers and discovered the couple in a taxicab. There was a scene, but the wife refused to return home. The husband claimed that his wife showed affection for other men as well as the orchestra leader, and was particularly fond of musicians.

It was testified that Mrs. Pflingsten journeyed to New York with another temperamental musician, a famous violinist. The names of other affiliates were brought into the suit, including an Hawaiian mandolinist, a saloonkeeper and a city fireman. A photographer testified that Mrs. Pflingsten, while telling of her affairs with other men, said "stolen sweets were sweeter." Prominent men testified how they refused to be lured by the tanner's wife.

The case was bitterly fought in the courts. Mrs. Pflingsten claimed that the charges were due to jealousy. She says that her husband was a mere laborer when she married him, and that thru her help he became a man of wealth.

Against her own wishes, the accused wife was forced to testify in the case, but she refused to answer as to her guilt with the orchestra leader, on the ground that her answer would tend to incriminate her.

BOILS AND PIMPLES DANGEROUS

S. S. S. Your Remedy.

Modern science has proven that boils and carbuncles, pimples and unsightly skin blotches, are signals of diseased blood. Scaly skin and itching of Eczema, Scrofula, rashes—all skin diseases are aggravated by bad blood. It's the infected blood that's dangerous. Don't wait for the boils. If you have pimples and blotches, take instant action. Pimples tell you that your blood is filled with impurities. You must wash out your blood, and stimulate it to healthy action with Nature's own blood purifier, S. S. S. It is the standard blood purifier of the world. Don't use drugs, ointments, salves. S. S. S. reaches the blood, drives out the impurities. It makes healthy perspiration—the poison is literally sweated out through the skin. Boils, blotches, Eczema and the Scrofula indications disappear. It does what salves and lotions can never do—it goes to the root of the trouble by reaching the blood. Your skin becomes clear and you soon feel the vigor of perfect health. S. S. S. is purely vegetable. You can get it any druggist's. Write for book of facts, "What the Mirror Tells." If yours is a long standing case, write for swift advice to Swift Specific Co., Atlanta, Ga.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind. Dr. P. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath. Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 50c per box. All druggists. The Olive Tablet Company, Columbus, O.

Removing the Cause of Much Sickness

The advantage in taking Foley Cathartic Tablets is that in addition to carrying off the entire congested mass without griping or nausea, they thoroughly cleanse the walls of the intestines and keep them free of all clogging matter. It is this caking on the walls of the intestines that prevents their natural action and function, and is the direct cause of so much of the sickness and misery that makes constipation the curse of our present day. For it is constipation that is responsible for a large share of headaches, depressed feelings, and many other serious bodily ills. W. A. McRae, an elderly gentleman living at Raleigh, Ga., writes: "Foley Cathartic Tablets are the only ones I have ever taken that cleanse my system thoroughly and do not grip or hurt me at all. They are entirely satisfactory in every way, different and more pleasant than anything I have ever used." City Drug Store—J. A. Obermeyer.

QUESTIONS ON THE SUNDAY SCHOOL LESSON.

By Rev. T. S. Linscott, D. D.

April 30.

- Verse 5. What reason is there to think that they expected Peter to be released from prison in answer to their prayers?
- Is it right or wrong, and why, to make a definite request for a thing without the faith that our prayers will be answered?
- Verses 6-10. Would you say or not and why that a miraculous deliverance such as Peter's is possible now?
- Is it wise, or otherwise, and why, for us to pray for the apparently impossible?
- Did this angel have a material body or was he a spirit only? Why?
- If the soldiers had been awake, is it probable, or not, and why, that they would have seen and heard the angel, as Peter did?
- Is there any reason to doubt that the human spirit has a body other than the physical? Why? (See 1 Cor. 15:44, 45.)
- Verse 11. Can you give any reason for believing as some do, that God has delegated an angel to care for every individual?

HERO COMMISSION ANNOUNCES AWARDS

RECOGNIZES FIFTY-TWO ACTS
OF HEROISM

Ten Silver Medals and Forty-Two Bronze Medals are Given—Nineteen of the Heroes Lost Their Lives—Makes Several Money Grants.

Pittsburg, Pa., April 28.—The Carnegie Hero Fund Commission, at its Spring meeting here today, recognized fifty-two acts of heroism in various parts of the country. In ten cases silver medals were awarded, and in forty-two cases bronze medals. Nineteen of the heroes lost their lives, and to the dependents of ten of these, pensions aggregating \$6,000 a year were granted; and to the dependents of eight of the others who lost their lives, sums totaling \$6,000, to be applied, subject to the direction of the Commission, in various ways, were granted. In addition to these money grants, in three cases sums aggregating \$6,000 were appropriated for educational purposes, payments to be paid as needed and approved; and in twenty-four cases awards aggregating \$20,000 were made for other worthy purposes. Payments in these cases will not be made until the beneficiaries' plans for the use of the awards have been approved by the Commission.

The awards were as follows:
Bronze Medals.
Duncan Langdon, 136 44th St., New York City, for saving three women from drowning at Ogunquit, Me., September 8, 1912.

James F. Mahon, 429 Hopkins Av., Astoria, N. Y., for saving George L. Girard, aged 9, from drowning at Corsons Inlet, N. J., September 2, 1912.

Louis A. Benoist, Pottstown, Pa., for saving A. Pandely Pattison, a playmate, from drowning at Bloxi, Miss., June 11, 1913.

Albert W. Cinniger, 1250 East Erie Av., Lorain O., a lawyer, for saving Mabel F. Riley, aged 37, from being killed by an electric car at Lorain, December 11, 1915.

Mark A. Nelson, 70 West Summit Av., St. Paul, Minn., a nine-year-old schoolboy, for saving Agnes C. Anderson, aged 21 from drowning at Stillwater, Minn., August 11, 1911.

George D. Rowe, Wake Forest College, N. C., a teacher, for saving Howard R. Masters, a student from drowning in the Potomac River at Widewater, Va., August 23, 1911.

A. Roger Kratz, Silverdale, Pa., a school teacher, for saving Earl M. Meyer, aged 5, from electric shock from a fallen light wire at Silverdale, Pa., October 3, 1912.

BERRY WINS PENTHALON AT ANNUAL RELAY RACE CARNIVAL

PHILADELPHIA, April 28.—Howard Berry, the all-around athlete of the University of Pennsylvania, today won the penthalon, one of the feature events of the 22nd annual relay race carnival held on Franklin Field. The Pennsylvanian who also won the event last year was first in all five events making up the penthalon—broad jump, javelin throw, 200 metre race, discus throw and 1500 metre race.

Pennsylvania won the sprint medley race for the American college championship in the world's record time of 3:28.55. Chicago was second. The former record was 3:32.25 made by Pennsylvania last year. Wisconsin captured the distance medley race for the championship in Hollow style, her only competitor being Pennsylvania.

Another record to go was that for throwing the 56 pound weight. H. White of Syracuse University heaving it 31 feet five inches which better the collegiate record by four feet one half inch.

ASSERTIONS OF BUG DAMAGE RALLY WHEAT AFTER DECLINE

Prices, Nevertheless, Close Weak at 1/2 of a Cent Off to 1/2 Up—Corn and Oats Have Easy Tone.

Chicago, April 28.—Assertions that green bug damage had become general thruout Oklahoma and that injury from Hessian fly was developing rapidly in Missouri rallied the wheat market today after an early decline. Nevertheless prices closed weak, at \$1.13 1/2 for May and \$1.14 1/2 for July, with the market as a whole 1/2 off to 1/2 up compared with yesterday's finish. The outcome in corn was 1/2 to 3/4 c down, oats were unchanged to a shade lower and provisions varying from unchanged figures to a rise of 25c.

Bull leads took the position that with the German crisis presumably out of the way and with the poor condition of the winter crop attracting increased attention a decided advance was due. On the other hand representative bears were disposed to emphasize the readiness with which sales broadened out on any upturn, and were by no means ready to concede that the difficulty with Germany could yet be wholly ignored as an influence on the market.

In the corn trade the chief feature was selling by houses with country connections. This selling apparently reflected the prevalent favorable conditions for plowing and planting. Oats like corn had an easy tone as a result of auspicious weather.

Most of the business consisted in monthly exchanges of the May and July deliveries.

Provisions showed a decided upward tendency derived to some extent from higher prices on hogs. Traders who had recently oversold in the pork market were subjected to something of a squeeze.

GOOD DEMAND FROM SHIPPERS AND SPECULATORS LIFTS HOGS

New Way to Make Appie Dumplings

Served With Hard Sauce or Cream and Sugar

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Here is a new way to make apple dumplings that will surely please every housewife, for it is not necessary to have whole apples, and the juice cannot run out and burn as with apple dumplings where the apple is placed in the center and the dough turned up around it. The biscuit part forms a crispy shell that holds the apples and juice.

Apple Dumplings

One and one-half cups sifted flour; 1/4 teaspoonful salt; 3 level teaspoonfuls K.C. Baking Powder; 1/4 cup shortening; about 1/2 cup milk; apples.

Fill the cups of a buttered muffin pan with pared and sliced apples, sprinkle with salt and turn two or three tablespoonfuls of water into each cup. Sift together, three times, the flour, salt and baking powder; work in the shortening, and mix to a soft dough with the milk. Drop the dough from a spoon with the apples in the cups, giving it a smooth exterior. Let bake about twenty-five minutes. Invert the pan on a large serving-dish. Put a spoonful of hard sauce above the apple in each dumpling and finish with a grating of nutmeg.

This is only one of the many new, delicious and appetizing recipes contained in the K.C. Book of Cookery, which may be obtained free by sending the colored certificate published in every 25-cent copy of K.C. Baking Powder to the Jackson Co., Chicago. Be sure to get the 25-cent size—smaller cans do not contain Cook's Book certificates.

ARTHUR REEVE MAKING GOOD ON THE HARNEY FARM

Young Man Is Getting Results by Application of Modern Methods—Good Success With Hogs.

There is much said these days about back to the farm and in C. A. Reeve, son of John J. Reeve of this city, there is an example worth investigating. Three years of his mature life he spent in the southern part of Tennessee, where the soil is red and not especially productive. Land rents there at \$1.00 to \$3.00 an acre and produces much the same crops as are raised here only not so abundantly and it is not so good for corn. Cow peas and soy beans are much used there and to good purpose. Strawberries also do well.

A year ago the young man came to Morgan county and rented the Milton Harney farm three and a half miles south of the city on the main road and went to work. Mr. Harney was then alive and an invalid unable to look after his farm which was run down in soil and buildings and with no capital the young man and his wife went to work. The farm comprises 129 acres of which fifty is rough pasture land and the remainder tillable. He pays for the former \$5.00 an acre and for the latter \$6.50 an acre.

He chose for seed corn Houten's yellow dent, much the same as Reid's. He believes in thorough preparation of the land before planting. First he double discs the ground and then plows six to eight inches deep. He then double discs again, harrows and plants and thus has a seed bed which is thoroughly pulverized and ready for planting. He rolls and harrows when the corn is small and cultivates deep twice and then shallow as many times as conditions warrant. Last fall his crop yielded sixty bushels to the acre. The land was naturally good tho much run down.

The young man cuts most of his corn crop but deeply deplores the lack of a silo which would make the crop worth so much more. He says tho if he had a silo he thinks he would mix the corn put into it, sugar cane and cow peas. He had thirty acres of wheat of the bearded variety; twenty acres of it produced 32 bushels to the acre and the remainder was light. It was all a good sample tho and sold for a dollar a bushel. For his wheat he also thoroughly prepares the soil and makes a good seed bed and thus gets better results. He had five acres of oats that yielded 280 bushels of a good quality.

Mr. Reeve's stronghold is hogs, possibly, tho he is careful in other matters too. He has handled thoroughbred Jersey Reds the past year with good results tho this year he is the Reds with Chester Whites for feeding but doesn't breed his crosses. His success with hogs has been a trifle flattering. To begin with he feeds his growing pigs and gilts Columbia hog powders. Then he burns cobs and when at a red heat throws salt on them and takes the result and gives the swine all they will eat and thus has them in good order and free from worms. He uses plenty of oil meal and tankage with milk. He had one sow that was given to eating young pigs but with the above diet he cured her entirely. He turns his sows on grass as soon as it is large enough and especially values clover and feeds his sows a little corn but not much.

Another valued element of feeding is to raise a few acres of sweet corn and sow cow peas among the rows at the right time. After he has taken all the roasting ears he can he turns the hogs into the patch as the corn begins to harden and it puts them in fine shape and they eat everything almost into the ground. His pigs he generally weans at 2-1-2 to three months of age and feeds them slop of soaked oats, bran and milk, with tankage. A few weeks since he sold the Jacksonville Packing company an extra fine bunch of seven months old hogs averaging 214 at \$9.25. Such a weight as that at seven months is remarkable and he has only very common sheds too, and not extra facilities for rearing and feeding. He expects to adopt the self feeding plan this year.

For cows he prefers the Jerseys even if they are not so good for beef as the milk is so rich and general conditions preferable. Their milk makes fine hog feed. He believes in the liberal use of cow peas and soy beans as they are excellent feed and good for the land in addition.

As a side issue he and his wife have made quite a bit of money canning tomatoes and vegetables. He has a circular, galvanized iron tank capable of holding three dozen quart cans. Within this tank is another and the space between is filled with water and into the inside one he puts his cans. Tomatoes are peeled, cleaned, cut up and put into the cans and the tops soldered on.

Corn, beans, peas and the like he covers with a weak solution of salt and then cooks the cans as long as conditions demand. A small vent is pricked in the top of the can and when the latter is removed the hole is soldered and the goods are ready for sale. Last year he put up some eight hundred cans and found ready sale and this year he expects to do a great deal more in that line and has already contracted his output.

Mrs. Reeve is also a faithful helpmeet raising lots of chickens with both incubator and the natural way and the results are profitable as is always the case. One little building especially attracted the writer and that was a small shed like structure near the house and in it was a small gasoline engine and by the latter a washing and wringing outfit, a churn and a cream separator. One reason why women shrink from the

farm is the hard work entailed and it is easy to see how much work such an affair saves. Mrs. Reeve hasn't a washboard in the house as the machine does it all and is lots cheaper than docto bills.

It is proper also to say that Mr. Reeve in no manner sought this article but the reporter invited himself to go out and gained what he has written by close questioning.

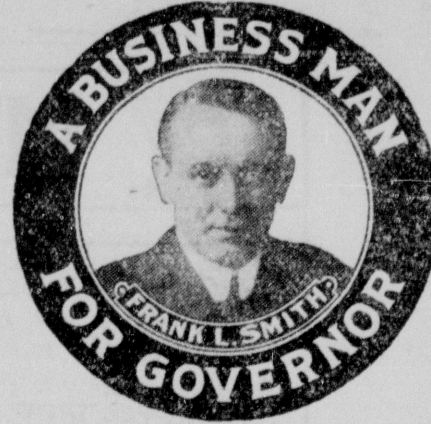

BIDS FOR LAYING WATER PIPE
Sealed bids will be received at the city clerk's office in the city hall up to 10 o'clock a. m., Monday, May 1 for the laying of a six inch water main on East Independence avenue to Myrtle street and on Hooker street from Independence avenue to Lafayette avenue. The bids must be for the excavating of a trench four feet in depth, the laying of the main and the refilling of the trench. The city furnishes all of the material. The right is reserved to reject any or all bids.

R. L. Pyatt, City Clerk.

GOLF PLAYERS MUST BE CAREFUL

The park commissioners wish to warn golf players about driving off at Nichols Park Sunday while the crowds are going to the ball game. The walk toward the ball ground is directly in line where the players drive and it is feared that some one may be injured. It only takes a crowd from the cars a few minutes to get out of the way and the commissioners feel that the players will have plenty of time between cars to get out of the way of the baseball crowd.

George Deltrick of Concord was a business visitor in the city yesterday.

To Avoid Dandruff

You do not want a slow treatment when hair is falling and the dandruff germ is killing the hair roots. Dandruff means—no hair.

Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and safe, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use is zemo, for it is pure and also inexpensive.

MEREDOSIA COUNCIL ORGANIZES FOR WORK OF THE TERM

Mayor Berger Has Own Way of Making Appointments—Will Pursue Policy of Law Enforcement and More Improvements.

Meredosia, Ill., April 23.—At the meeting of the Meredosia city council Thursday night Mayor Berger came off victorious in his organization of the council. The following officers were appointed by the mayor:

Assistant mayor—Robert H. Duer.

Treasurer—W. J. Hale.

Health warden—Dr. F. A. Neville.

The following committees were also named:

Finance—Fee, Duer, LaFever.

Lights—Geiss, Fee, McLain.

Streets and highways—LaFever, Duer, Fee.

Public health—Butcher, Duer, McLain.

Public improvements—Duer, LaFever, Fee.

Objections were made by George Butcher and E. F. Geiss to the appointment of Mr. Duer. The mayor stated if the appointment was not confirmed that he would appoint Mr. Duer for thirty days and then reappoint him each thirty days thereafter. Objections were withdrawn and the mayor's slate went through.

The report of the treasurer showed a balance on hand April 25 of \$271.62, with no outstanding bills. Mayor Berger said that he desired to publicly thank the retiring members of the board for their co-operation in carrying out the work of the city.

They had helped him with his platform of public improvements and law enforcement. The mayor said that he appreciated this support because his hobby was clean streets and alleys, more new sidewalks and law enforcement, and he believed that the majority of the people approved this plan. The meeting was attended by a large number of citizens and as an added feature of such a gathering Rev. B. L. Hayden, pastor of the church of Christ, led in prayer at the beginning of the session and before adjournment Rev. T. L. Hancock was called upon for an address.

A LITTLE SEED OF LOVE

At the anniversary meeting of the Hospital Aid Society the following poem written by Mrs. Martha Capps Oliver was read:

A little seed of love from out a woman's heart one day.

Was planted in the fertile field which now our eyes survey;

And angels smiled upon it and the angels watched it grow;

For only they could tell what an increase it would show;

So they helped to make it fair and gentle, kindness unfolded.

For the secret of the Lord was in that seed foretold;

And now the golden years show its yield a hundred fold,

Giving pledge that years to come will enlarge harvests hold.

Thus in fancy we record how our "Woman's Aid" has grown.

A tiny seed, the smile of heaven and the brighter worlds on high;

Ah, since that day, so long ago, when to the call of love,

Twelve women came, responsive as to voices from above,

To serve the needs of many brought to suffer or to die,

How years have seen the workers and the harvests multiply!

How dear the earnest toiling and the intercourse have been,—

How sure the understanding upon which our hearts rely!

How sweet the precious memory of the faces no more seen!

Now that little seed of love blooms immortal in the sky.

And the shadowed earth it binds to the brighter worlds on high;

And it makes us know and feel that our heaven is most near.

When we do the steadfast work to the Lord of Harvests dear;

For the humble things He loves are the things we all can do.

To cheer and help the suffering and love's labor off renew;

No miracle by fluke in the gospel's page is found,

Yet the name "Beloved" met him on his humble daily rounds.

Just a little seed of love in the field of kindly deeds—

Who guessed its usefulness to serve a myriad needs?

And who of us can measure the result of kindness done?

Like the seed its taken root ere the setting of the sun.

And some day we'll come to find barren places all in bloom.

For in fields of humble service every human heart has room.

And in every earnest heart is a word we all can see:

"What ye do unto the least of these ye have done it unto Me."

Some who once wrought among us, with shining faces here,

Who found no task too heavy, and no sacrifice too dear—

Because each inmost spirit had received the Master's touch,

Have been called beyond the veil, where they hear His "I'm with thee."

In all our work we miss them, and yet we have a light of faith and we strike no minor keys:

For we know that as they move in the heavenly courts above,

Still upon us they look down with the unforgetting love.

Martha Capps Oliver, April 1916.

SCHOOL BOARD ELECTION TO BE HELD MAY TWENTIETH

Township Trustees Have Practically Decided Upon This Date—District May Be Outlined Today.

It was stated Friday by John M. Butler, attorney for the township trustees, that May 20 will be the date for the coming school election. A meeting of the trustees will be held today and it is expected that the boundaries of the school district will be outlined and that they will be identical with the present district.

Mr. Butler is of the opinion that the trustees do not have authority to make any change in the boundaries even if they desired. May 20 is just about the earliest date at which the election could be held and will be designated because of the realization by the trustees and Mr. Butler that it is desirable to have the whole matter settled just as soon as possible.

There have been few announcements of candidacies, but this may be in part due to the feeling that petitions could not properly be circulated until after the school district had been designated and the election day fixed.

MORUARY

Howells.

Mrs. Matilda Howells died Friday morning at the home of her daughter, Mrs. Josephine Stewart of Harkness, Ill. The news of her death was received by her brother, James Cruise. Mrs. Howells was for a number of years a resident of Jacksonville but was better known here as Mrs. Jumper, the name of her former husband. She is survived by one son, James H. Jumper of Chicago. John C. Reynolds will leave for Harkness this morning to take charge of the remains and make all arrangements for the journey to this city.

A brief service is to be held at the home of Mrs. Stewart near Harkness before the body is taken to the station for shipment, and after arrival here Sunday morning the remains will be taken to the Reynolds undertaking rooms for further service at 11:30 o'clock. Interment will be in the family lot in Jacksonville cemetery.

Kendrick.

John Kendrick of Murrayville died Friday morning at 3:30 o'clock at the home of Hugh Ward, a relative, one and one half miles south of Winchester. Deceased had been a patient at Our Savior's hospital, going to Winchester the first of the week. The deceased, who was 22 years old, is survived by the father, T. J. Kendrick of Detroit, Mich., and a sister, Miss Margaret Kendrick of Springfield.

The body was brought to the undertaking parlors of J. H. O'Donnell, where preparation for burial was made. Definite funeral announcement will be made Sunday.

CONFERENCE TO BE HELD IN JUAREZ

extend the hospitality of the city of Juarez to the visitors and that he suggested therefore that all conferences be held in the council chamber of the Mexican customs house. This invitation was accepted. The American officers spent tonight in their private car, stationed in the railway yards. The Mexican representatives also were quartered in their trains.

To Attempt Co-Operation.

Washington, April 28.—On the eve of the conference at Juarez between General Obregon, Carranza's war minister and Generals Scott and Funston, representing the United States, it became known here tonight that the American officers have been instructed to attempt to work out in detail plans for the co-operation of the Mexican and American troops in the dispersing of bandit rebels, including a division of Northern Mexico into spheres of activity for the two forces.

Generally speaking the aim of Generals Scott and Funston will be to secure the consent of General Obregon to the employment of the American troops into the territory immediately south of the border and to the organization of Mexican forces along definite lines in order that all of Northern Mexico may be scoured thoroughly for Villa and other outlaws.

General Obregon will be told that the United States is not yet satisfied that American border towns will be free from other raids similar to that on Columbus if the American troops are withdrawn. He will be assured however, that the troops will be withdrawn just as soon as there are reasonable grounds for such a belief. He will be told that the sooner the Mexican troops give complete co-operation the sooner the troops will accomplish this object.

The Mexican question including the

Instruction to Generals Scott and Funston, was gone over fully at today's cabinet meeting, the first held since it was determined to send General Scott to the border to see General Obregon.

GYMNASIUM BUILDING FOR WOMEN'S COLLEGE IS NOW ASSURED

Plan of President Harker Approved by Trustees—Structure Will Cost About \$40,000—Gift of \$3,500 to Pay for Addition to Library is Announced—Building to Begin at Once.

Down at the Woman's college progress is the watchword and President Harker is always at work developing the institution in a material way, with constant attention to the educational work of the college. Yesterday a meeting of the resident trustees was held when approval was given to President Harker's plan for a gymnasium building and the executive committee was instructed to proceed at once with the building of an addition to the library which has been made possible by a gift of \$3,500 for this specific purpose. The estimated cost of the gymnasium is between \$35,000 and \$40,000, and while all the money is not in sight and the building work is not to commence at once, the new building can be put down as a certain addition to the college equipment. The need of the gymnasium building has been felt for several years. The added equipment will not only be of great advantage to the students now at the college, but will serve to attract many others.

There is an interesting story behind the addition for the library, which is to be built at once. Before the death of the late Julius Strawn he told Dr. Harker that a friend living in Chicago was under obligation to him and wished to send him a number of books. He said that he did not want the books and that the college could have them. This conversation was just a few days prior to Mr. Strawn's death, and he left no papers to give any identity of the Chicago man. After an inquiry which covered many months, Dr. Harker found the address and a visit to the Chicago man resulted in his acquiescence to the plan of furnishing the books to the college. This man has a library of seven or eight thousand volumes and he permitted the college to send an agent to Chicago to pick out 1,000 books, most of them dealing with history and literature. The college library already included 8,000 volumes and there was no space for additional racks and not sufficient room for tables and chairs. In planning for more space President Harker thought of the plan of building an addition to the library, which is at the extreme west side of the main building. He had an estimate of the cost and found that it would be \$4,000, and then he was able to secure a friend to promise \$3,500 toward this work.

The plan calls for an addition two stories in height and the arrangement is such that the general appearance of the building will not be marred. It would not be practical to run the building any higher as this would interfere with the lighting of the upper stories. It is the intention to begin this work at a very early date and space will be provided not only for the 1,000 books which have been received from Chicago but for other additions which are certain to come thru the years.

The college body will be intensely interested in the announcement that the plans for the new gymnasium are so far developed that the building can be announced as a certain addition to the equipment. They will realize that while the project lacks all the necessary funds and that the date for breaking ground has not been announced yet the authorities of the college have never had the habit of planning for additions and improvements which fail to materialize. The gymnasium is sure to mean a larger number of students and still greater prosperity than the college has had in the past.

MURRAYVILLE TURNS DOWN TOWNSHIP HIGH SCHOOL

By a majority of 46 votes the people of Murrayville rejected the proposition to form a high school district out of township 13-10 and a part of 13-11, for which purpose a special election was held Friday. There were 280 votes cast, 163 against and 117 for the high school. The farmers of Murrayville precinct were said to be strongly against the new district, there was some opposition in the village also. The result did not come as a surprise to those conversant with the situation. Supporters of the measure are deriving some satisfaction from the fact that the defeat Friday was by a lessened majority than was true at a previous time when a township high school was proposed.

JURY FAILED TO AGREE IN CASE AGAINST MYRTLE ALLEN HEGARTY

After Twenty Four Hours Deliberation Court Dismissed Them—Stood Nine to Three for Conviction—Clint Jackson Found Guilty of Liquor Selling.

The jury which heard the evidence against Myrtle Allen Hegarty, charged with selling liquor in anti-saloon territory, reported to Judge Thomson Friday afternoon that they were unable to agree. The court was of the opinion that there was no possibility of securing a verdict and the men were discharged. It was reported afterward that nine of the twelve had been for conviction and three for acquittal. This is said to have been the way they stood on the first ballot and there was never any change. One of the jurors is quoted as saying that he would never vote for the conviction of any boot-legger.

The case of Clint Jackson, charged with selling liquor in anti-saloon territory, occupied a considerable portion of the day. He was defended by Paul Samuel and the prosecution was conducted by State Attorney Hargrove and W. W. Wright. The evidence was not considered as very conclusive against Jackson but the jury found him guilty and at the same time recommended leniency. Following the finding Judge Thomson ordered the defendant to pay a fine of \$100 and to go to jail for thirty days. A capias promise was ordered, meaning that the fine need not be paid if the defendant now observes the law. Mr. Samuel, attorney for Jackson, did not think that a fine and jail sentence carried out the clemency idea.

At the morning session there was a wordy altercation between Capt. Mace of the Salvation Army and Walter Hart, a witness for the people. Capt. Mace had been called to testify as to the reputation of Hart and did not give the man a favorable name. As a result some words were exchanged and it looked for a time as if there would be trouble. Capt. Mace said last night that he regretted the incident, but that he was in the court room only because a subpoena had been issued for him and that as a witness there was nothing to do but tell the truth, which was the whole cause of the trouble.

The result in the Allen case was not a great surprise as the jury stayed out so long in the jury room, but at the completion of the evidence those who had listened to the progress of the trial felt that a clear case had been made against the defendant, altho her attorney had met every issue in an able way.

Owing to an error in the papers which charge Earl Taylor with boot-legging State's Attorney Hargrove has deemed it best to drop another paper and so Taylor will not face trial at the present term.

PREVIOUS PRODUCTION RECORDS ARE STEADILY SURPASSED

Even After Great Expansion, Legitimate Enterprise Shows Continued Augmentation.

New York, April 28.—Dunn's Review tomorrow will say:

"The best previous records of production and distribution, of earnings and wages, are steadily surpassed. Even after great expansion legitimate enterprise shows continued augmentation, the various influences combine to hinder its growth.

"Consumptive requirements, however, are sustained in unprecedented volume and industrial facilities, while constantly improved and increased, are inadequate to handle all the work there is to be done. A widening discrepancy between the contracts offered and those actually closed is noted in about every leading line, and many manufacturers either thru inability or disinclination to further extend commitments, have turned considerable business away. That such facts appear in spite of the pronounced rise in prices is one of the most remarkable features of the times. Only in relatively few instances have the extremely high costs restricted new demands and reports of premiums for prompt shipments are by no means uncommon.

NEW CIRCUIT COURT CASES

Several new cases were added to the docket of the circuit court on Friday, the final day for service. Louis P. Fisher, by his attorney Paul P. Thompson, as administrator of the estate of his son, T. L. Fisher, has brought a damage suit against the C. B. & Q. The younger Fisher was a fireman on the Burlington and was killed in an accident at Beardstown a few weeks since. He was scalded while at work in an engine cab and carelessness on the part of the railroad is alleged, together with neglect of certain rules of transportation. Damages are asked in the sum of \$20,000.

H. P. Samuel filed a bill for P. W. Goodrick et al. against T. H. Buckthorpe, H. M. Burns vs. J. P. Deatherage is the title of a suit filed by M. T. Layman. It is an action of forcible entry and detainer. A suit for divorce has been filed by Nellie V. Simms against her husband, Taylor Simms. They were married in 1903 in Paris, Mo., and desertion is the charge made. Another divorce suit is that of Letha Wheeler against Carlton Wheeler. They were married in October, 1913. The defendant is charged with cruelty and it is set forth that he has been convicted on a charge of larceny.
